

ERIC GARCETTI
MAYOR

September 5, 2019

Dear City Family:

For more than 20 years, Give to LA, the City of Los Angeles Combined Charitable Campaign, has coordinated some of our City's most respected and successful charitable agencies into a single employee fundraising endeavor. It is because of your commitment that I write to encourage you to join this year's Give to LA charitable campaign. The campaign kicks off on October 1st and will run through November 15th.

Give to LA has set a goal this year to raise \$300,000. You can help us reach that goal through a one-time donation to the nonprofit(s) of your choice and/or you can sign up for a recurring payroll deduction.

The Give to LA family of charities provide a range of services, including life-saving treatments, programs to support youth education programs, safeguard our environment, provide shelter and food to the homeless, and more. Visit www.givetola.org to learn more about participating charities and their work to improve the lives of Angelenos.

Thank you for your continued investment in L.A.'s future.

Sincerely,

A handwritten signature in black ink, appearing to read 'E. Garcetti'.
