About Give to LA
Our Mission

For more than 20 years, the City of Los Angeles Combined Charitable Campaign has pooled the efforts of many of the most respected and successful charities in Los Angeles into a single City employee fundraising endeavor. Our goal is to improve the quality of life for all people in all communities of this great city.

The ten charities that participate in the Give to LA campaign raise funds for over 400 member charities that offer a variety of programs assisting everyone from the newborn to the elderly. These charities fund much needed social services, after-school programs, cancer research and patient services, health care programs, environmental programs and scholarships. They serve your communities, your neighbors and perhaps you and your family.

Every year, City of Los Angeles employees are offered the opportunity to contribute to making Los Angeles and its many communities a better place for all. The Give to LA Combined Charitable Campaign provides a convenient and efficient opportunity for City employees to give to the charity of their choice through payroll deduction or a one-time gift.

Let’s make the City of Angels a better place, together
